

Introducing ControlSuite for Copittrak

Kofax ControlSuite for Copittrak is a new software-only solution focused primarily for the legal industry. ControlSuite for Copittrak enables the Copittrak system to operate seamlessly on today's most popular multifunction printer (MFP) devices, including Canon, Ricoh, Xerox, Konica Minolta, HP, Lexmark, and more.

- Flexibility: ControlSuite for Copittrak supports your entire fleet, allowing you to use multiple brands without the need for printer brand standardization.
- User-friendly: ControlSuite for Copittrak provides a common user experience so users do not need to learn different interfaces with different brand devices.
- Efficiency: Automate print and scan policies effortlessly with ControlSuite. Policies and controls are seamlessly applied in the background, ensuring compliance without any additional effort from users.

Replace Costly Aging Terminal Hardware

- Rather than purchase and maintain costly hardware terminals, customers can enjoy Copittrak functionality on their supported MFP panel via the embedded client.
- Current Copittrak customers have a migration path looking to sustainably replace aging terminal equipment.

Unleash the Power of ControlSuite

When you choose ControlSuite for Copittrak, you gain access to the extensive features and benefits of Kofax ControlSuite Print & Capture.

- Streamlined document workflows: ControlSuite simplifies and automates document processing, reducing manual tasks and increasing efficiency.
